STEM SCHOOL MANAGEMENT SOFTWARE

Who We Are

STEM SOFT LIMITED is a web design, Software development and networking oriented company, based in Bangladesh. It has started its journey since 2008 as Proprietary concern TEN TRADE TECHNOLOGY and upgraded its entity to Private Limited Company by name of STEM SOFT LIMITED. It has started its goal to run and strived successfully establish a distinguished place with the target for giving maximum effort with their "Quality of Work" and "Commitment of Word" to its clients.

Strength:

1. Its Management expertise's has been serving for more than decade.
2. Offering professional services in Web design, development and Customized Enterprise Resource software.
3. It also provides computer Graphics work for Web publishing, E-Commerce and Networking.
4. It works through offshore outsourcing.
5. Extensive Enterprise Resource software named Electrum Office which includes Accounts, inventory, Payroll, Sales, Budgeting, HRM & PMIS, Leave Automation, and STEM SOFT SCHOOL, which is school management software.

Mission & Vision:

1. To create a broad market to provide, served and maintain quality and commitment for its clients, considering the view that can meet local software with high, local and International standard.
2. To promote advance scientific research in Information Technology.
3. To solve employment problem by providing universally available, high quality, affordable communication and information technology services to create a brand worldwide.
4. To provide fast and finest solution rather than much paper works.
5. All in all This STEM SOFT LIMITED is the name that has appeared in IT world not only to increase profitability but also with the vision for economic development in local Area.

Student Management System :

1. A complete package of Student and Institutional Information Management System.
2. It would provide reports of any student's Identical Details, Courses and Curriculums Status, Fees Collection Procedure and overall day to day academic activities.
3. This software is useful especially for educational institution as it can be used for all reporting purpose, as: tracking of attendance, progress in the course, completed semesters years, coming semester year curriculum details, exam details, project or any other assignment details, final exam result etc.
4. It is designed to all the activities happening in the university, college, school; even we can get to know which faculty is assigned to which course, the current status of a student, attendance percentage of a student and upcoming requirements of a student.

Objectives of STEM SOFT SCHOOL:

1. Computerized software as **STEM SOFT SCHOOL** helps to maintain all kinds of Academic, Teacher & Student Data in a systematic way of accuracy and transparency.
2. It helps to get any report of educational institution with less time and manpower which is also cost effective.
3. It is to provide maximum support to school, college, university managements for managing students and

their academic activities along with supervision and forecasting their status.

4. Our system has two type of accessing modes, administrator and user. Student management system is managed by an administrator. It is the job of the administrator to insert update and monitor the whole process. When a user log in to the system, system has seven modules, they are administrator, student, course, department, exam, attendance, and section. These modules and its attributes with entity relationship module presented in the ER diagram section.
5. This software will help to take managerial decisions to the key persons from the reports. This software is designed and developed by expert personnel who had worked hard to cover the needs for manage their institute. This project will handle whole the activities of the school. SMS has most of the facilities that a modern school requires to computerize its day-to-day jobs. It provides facilities to keep the records of student, fees, teaching and non-teaching staff with all their required details along with all required transaction handling. It has facilities to generate various types of reports, which are required by the management during normal business operations to operate the business effectively.

HARDWARE & SOFTWARE REQUIREMENT HARDWARE:

- i. Processor Core 2 Duo
- ii. Processor Speed 2.5 GHz
- iii. Hard Disk Space 500 GB (min.)
- iv. Ram Memory 4GB
- v. SOFTWARE: Operating System Windows 10/8/7
- vi. Database : Mysql Language :PHP
- vii. WEBSERVER : Apache v2.2+

The Educational based School Management software project has 6 modules.

1. Student
2. Teachers
3. Principal
4. Administrator
5. Parents
6. Accounts & Tuition Fee Collection

STUDENT MODULE

In this module, every student is provided with a unique username and password. So that student can log in to view his attendance details, academic details, cultural details, fee details.

The sub-forms are:

- View Attendance
- Time Table
- Examinations
- Report Card
- Fee Details/Payment
- Leaves Details
- Holidays
- Reports

TEACHER MODULE

In this module, every teacher is provided with a unique username and password. So that teacher can login to view his attendance details, class details, cultural details, salary details, reports.

The sub-forms are:

- Time Table
- Examination Schedule
- Mark sheet Entry for students
- Maintain Attendance of students
- Class Routine
- View School Timings
- Holidays
- Reports

PRINCIPAL MODULE

In this module principal is provided with a unique username and password. So that principal can login to view his class attendance details, academic details, cultural details, pay roll management. He can allocate rooms.

The sub-modules are:

- Timetable Management
- Office Management
- Attendance Maintenance
- Academic Management
- Examination & Mark sheet Generation
- Reports

ADMIN MODULE:

The Administration Module is one of the key modules of School Manager provides a comprehensive set of tools which helps the management to manage various budgetary details. This automates common administrative tasks, increase efficiency and accountability, and eliminates paper-pushing and workflow bottlenecks. It contains the budget head, budget create, donation and occurrence. In short this, module manages the entire money flow in the institution.

The sub-modules are:

- Student Fee Management
- Accounts & Finance Management
- HRD
- Security
- Reports

PARENT MODULE:

In this module, every parent is provided with a unique username and password. So that parent can login to view his/her child attendance details, academic details, cultural details, fee management.

The sub-forms are:

- Student Attendance
- Student Mark sheet
- Student Activities
- Fee Management

Accounts & Tuition Fee Collection:

This module designed to support complete accounts functions.

- All Type of Voucher Entry
- Daily, Periodic , Monthly Reports
- Journals and ledgers
- Party Ledgers
- Fees & Collections
- Yearly Reports (PL Accounts, Balance Sheet etc.)

Why Use STEM SOFT SCHOOL?

Centralized Database System

In Centralized system all sorts of Teachers and Students information as well as their transaction histories or ledgers are stored in the Central Server at Data Center. Branches having proper authorization procedures log on to this central server through remote networking media like remote networking and make business transactions as well as fetch reports of various kinds.

Network Compatibility

STEM SOFT SCHOOL is Compatible with Wide Area network between Head Office & Branch office and Local Area network between Departments. STEM SOFT SCHOOL is developed to provide maximum support to Students, Management, Teachers, Accounts and admin Department For Managing Attend, Absent, Class, Exam, Result and Tuition Fees. This software will help to take managerial decisions to the key persons from the reports.

Fastest and effective Reports and Search Ability

STEM SOFT SCHOOL Includes various kind of report like Personal , Attend, Absent, Late, Overtime, Production Summary, production report detail, Project, Style, Style Rates, salary, Compliance etc. There are also search forms to find different kind of data within this database.

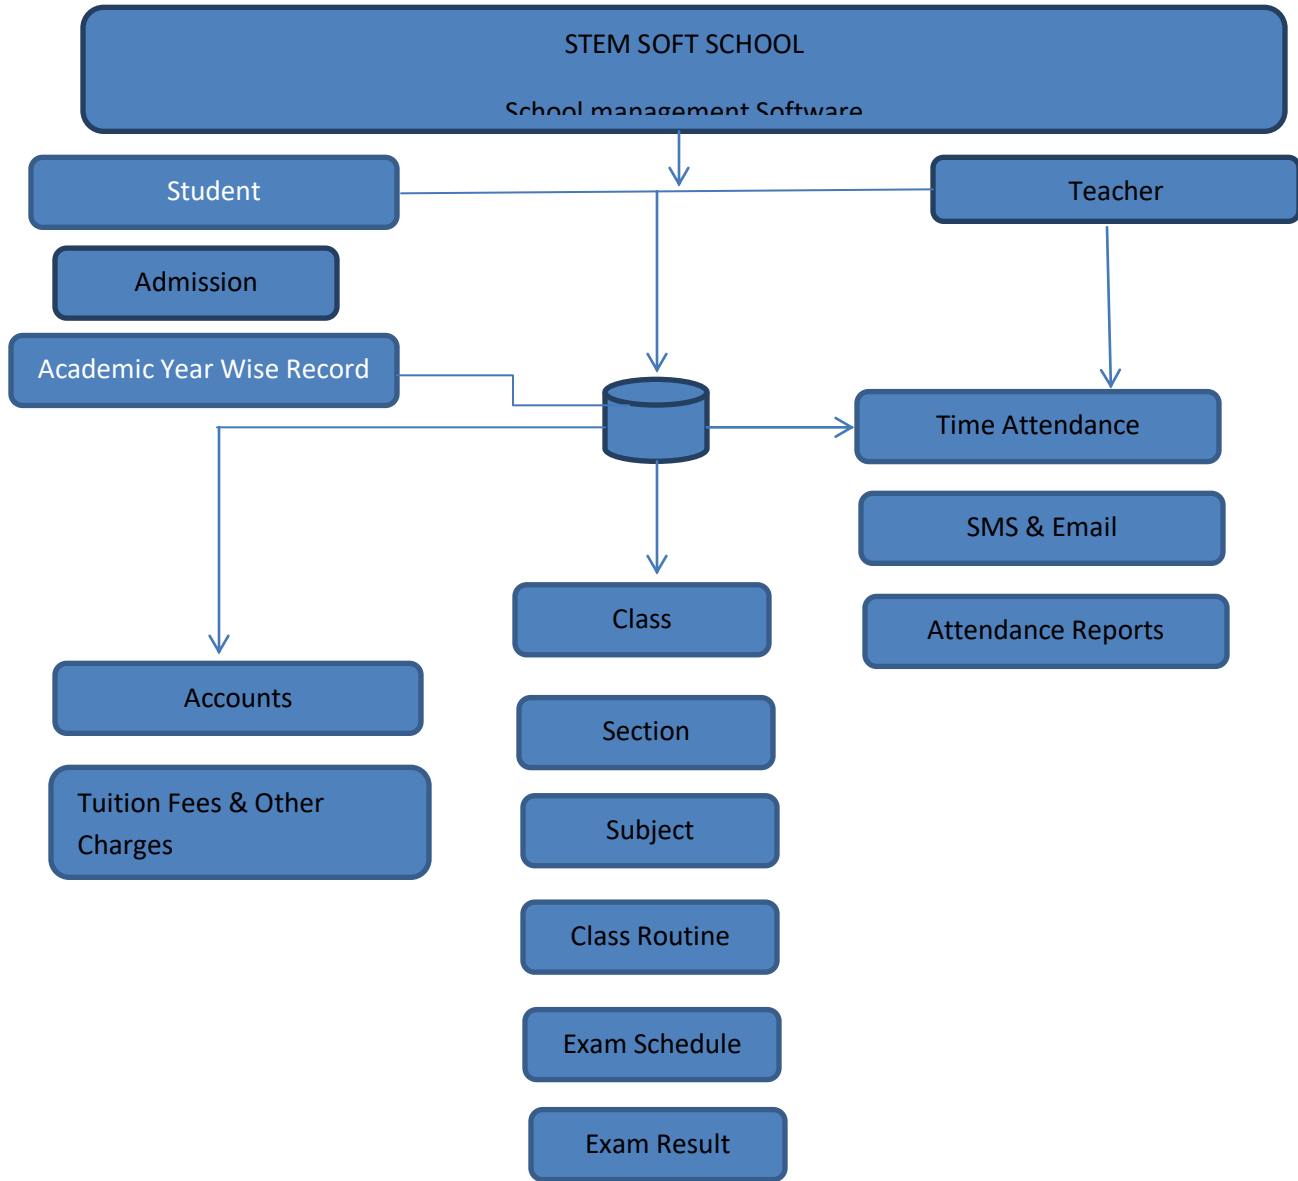

Editing Records

STEM SOFT SCHOOL has various edit forms to manage mistakes in employee, attend, Project, production, style and rates Information's. It has some other features to manage the database easily which make this software unique.

Advantages

- * Wide Area network between Head Office & Branch office
- * Local Area network between Departments
- * High Security
- * Centralized Database System
- * Graphical Representation
- * Proximity card, Finger Print, Digital Id card Support
- * Separate Time Card for Students and teachers.
- * Emailing & SMS Support.

Database Items :

Class Section and Subject Database :

The screenshot shows the 'Class Section and Subject Database' interface. The top navigation bar includes: Subject DB, Subject Group, ShiftGroup, ShiftInfo, Unit, Class, Section, Class With Teacher, Class Subject, and Back. The main content area is titled 'Section data input:' and contains a form for 'Class Type/Unit' and 'Class'. Below the form is a table for entering section data:

Sl. No.	Section	SectionID	Sl. No.	Section	SectionID	Sl. No.	Section	SectionID
1			2			3		
4			5			6		
7			8			9		
10			11			12		
13			14			15		
16			17			18		

Below the input table is a 'Save' button and a table of existing sections:

Sl. No.	Type	Department	Unit	SectionID	Delete	Edit	Edit
1	mBuilding	Eight	Jupiter	JP	X		
2	mBuilding	Eight	Saturn	ST	X		
3	mBuilding	Eight	Venus	VN	X		
4	mBuilding	nine	Baly	B	X		
5	mBuilding	nine	Daffodil	DF	X		
6	mBuilding	nine	Rose	R	X		
7	mBuilding	nine	Tulips	TL	X		

The right sidebar contains a calendar for 17 December 2019, a calculator, and a message: 'Could not find database file.'

Area Database :

The screenshot shows the 'Area Database' interface. The top navigation bar includes: Division, Jilla, Thana or Upojilla, PostOffice, and Back. The main content area is titled 'Post Office DB Data input:' and contains a form for 'Division', 'District', and 'Sub-District Or Thana'. Below the form is a table for entering post office data:

Sl. No.	Post Office Name	Sl. No.	Post Office Name	Sl. No.	Post Office Name
1		2		3	
4		5		6	
7		8		9	
10		11		12	
13		14		15	
16		17		18	

Below the input table is a 'Save' button and a table of existing post offices:

Sl No	Division	District Name	Sub-District Or Thana Name	Post Office Name
1	Dhaka	Lalbagh	Nilkhet	NewMarket

The right sidebar contains a calendar for 17 December 2019, a calculator, and a message: 'Could not find database file.'
